

NEW!

Fried Food Holder

Keep your fried foods at their crispy best, for longer, with Nemco's new Fried Food Holder. Patented ThermalBreeze™ Technology achieves high energy efficiency with a thermal air curtain and hot convection air re-circulation. ThermalRecovery™ Technology with double-safety temperature system supports unit integrity and reliable performance.

Features

- Stainless steel construction
- LED indicator light
- ThermalBreeze™ Technology with gentle re-circulating hot convection air from single heat source
- Food protection air curtain
- Internal ThermalRecovery™ Technology
- Double-safety with integral thermal fuse and hi-temp safety shutoff
- Quiet operation
- Pan insert with removable pan divider

Benefits

- **Energy Savings** - Nemco's Fried Food Holder consumes up to 40% less energy than its competitors
- **Customer Satisfaction** - optimized food holding technology to maintain food taste and structure
- **Reduced Food Waste** - proper holding methods keep food at the quality standard for serving
- **Labor Savings** - easy operation and cleaning
